

WHAT SOME BELIEVE

“If a man beats his male or female slave with a rod and the **SLAVE** dies as a direct result, he must be punished, but he is not to be punished if the **SLAVE** gets up after a day or two, since the slave is his property.”

EXODUS 21:20-21 (NEW INTERNATIONAL VERSION)

WHAT HUMANISTS THINK

“We are committed to treating each person as having inherent worth and dignity, and to making informed choices in a context of **FREEDOM** consonant with responsibility.”
